Michem® Wood Coating 75

BRAND FAMILY OVERVIEW

Michem® Wood Coating products are low-VOC and set the water resistance standard for waterborne deck stains and sealants. Providing great versatility for exterior wood protection, each solution in Michelman’s line of topical wood treatment additives passes the ASTMD-4446 standard for swell resistance.

USAGE

Reduces water uptake, offers great water bead with lower VOC, and provides outstanding re-coatability for improved wet out in topical wood coatings. This product also provides excellent water resistance and swell resistance to help control cracking, warping, and splintering in exterior wood applications such as wood decks and fences.

DESCRIPTION

Proprietary Emulsion

PERFORMANCE ATTRIBUTES

This product is used in many applications including the following:
